

<p>Choose <u>START ASSIST</u></p>	
<p><b>Welcome to ASSIST!</b> <i>Set a bookmark to this page.</i> <b>Selecting the Articulation</b> To view an agreement between two institutions click the button labeled <b>Articulation Agreement</b> For IGETC, CSU GE Cert, or UC Transferable Course List choose <b>Transfer Course Agreement</b></p>	
<p>If you chose <b>Articulation Agreements</b></p>	<p>If you chose <b>Transfer Course Agreements</b></p>
<p>Next choose either of two institutions &amp; <b>Click on the “Go!” button.</b> You probably will want to choose your school here.</p>	<p>You will see a list of institutions. Choose the institution &amp; <b>Click the “Go!” button.</b></p>
<p><i>Set a bookmark to this page.</i> You see a list of 2<sup>nd</sup> institutions. Choose the second Institution &amp; <b>Click the “Go!” button.</b></p>	<p><i>Set a bookmark to this page.</i> The available lists are shown as links. <b>Click the link for the list you want.</b></p>
<p><i>Set a bookmark to this page.</i> You will see the types of articulation available between the two institutions you’ve chosen. Choose the type you want to see &amp; <b>Click the “Go!” button.</b></p>	<p><i>Set a bookmark to this page.</i> Choose the department or area, or view all departments or areas. <b>Click the “Go!” button.</b></p>
<p><b>ASSIST Report Pages</b> The ASSIST reports are displayed in two frames. The upper frame contains header information. The lower frame contains the body of the report. This allows the header to always be visible as you scroll through a long report.</p>	
<p><b>Bookmark Your Report Pages!</b> By using bookmarks (called Favorites in Internet Explorer) you can jump directly to the report you want to see. Because your bookmarks run the entire selection program automatically, instead of linking to a static text page, the reports will always contain the most recent data in ASSIST, just as if you’d made all the selections again. <b>Do not click in the report frame before bookmarking!</b> Doing so will return you to just the lower frame of the report, not the entire page.</p>	
<p><b>Printing</b> ASSIST uses the Acrobat Reader plug-in by Adobe to allow printing on all kinds of computers and printers. Acrobat Reader must be installed as a plug-in. If you need help with this, contact your campus technical support. Bookmarking is not enabled for the Acrobat Reader reports.</p>
