14th Annual ASSIST Conference

December 1st and 2nd - 1999

Curriculum: Session 1

What is curriculum and how does it affect articulation and transferable course agreements?

Introduction

In this session we will:

- Define curriculum data in ASSIST

- Show the relationship between curriculum data and agreements in ASSIST

- Discuss the review and approval process for transferable course agreements

- Discuss how data changes over time

Why do we need curriculum data?

- To keep the database updated with curriculum changes at your institution

How is curriculum data used to create agreements?

- Curriculum data is used to build articulation and transferable course agreements in ASSIST

- There is no separate curriculum report

ASSIST Displays vs. Data Maintenance

There are two ASSIST software systems:

▌ ASSIST on the web
(www.assist.org)

▌ Maintenance software
(assist.org)

ASSIST Displays - www.assist.org

- Available to everyone on the web

- Displays data (no data entry possible)
  - CSU Baccalaureate Lists
  - UC Transferable Course Agreements
  - CSU GE-Breadth Certification Lists
  - IGETC Lists
  - Articulation agreements

Data Maintenance - assist.org

- **Curriculum Update System**
  - Curriculum maintenance
  - Used by authorized personnel at all campuses

- **ASSIST Articulation Maintenance System**
  - Four-year institutions only

Curriculum Data in ASSIST for Universities

Curriculum in ASSIST vs. on your campus:

- Curriculum on your campus
  - All courses in your campus's course catalog

- Curriculum in ASSIST
  - University courses included in an articulation agreement
  - Courses added by the university
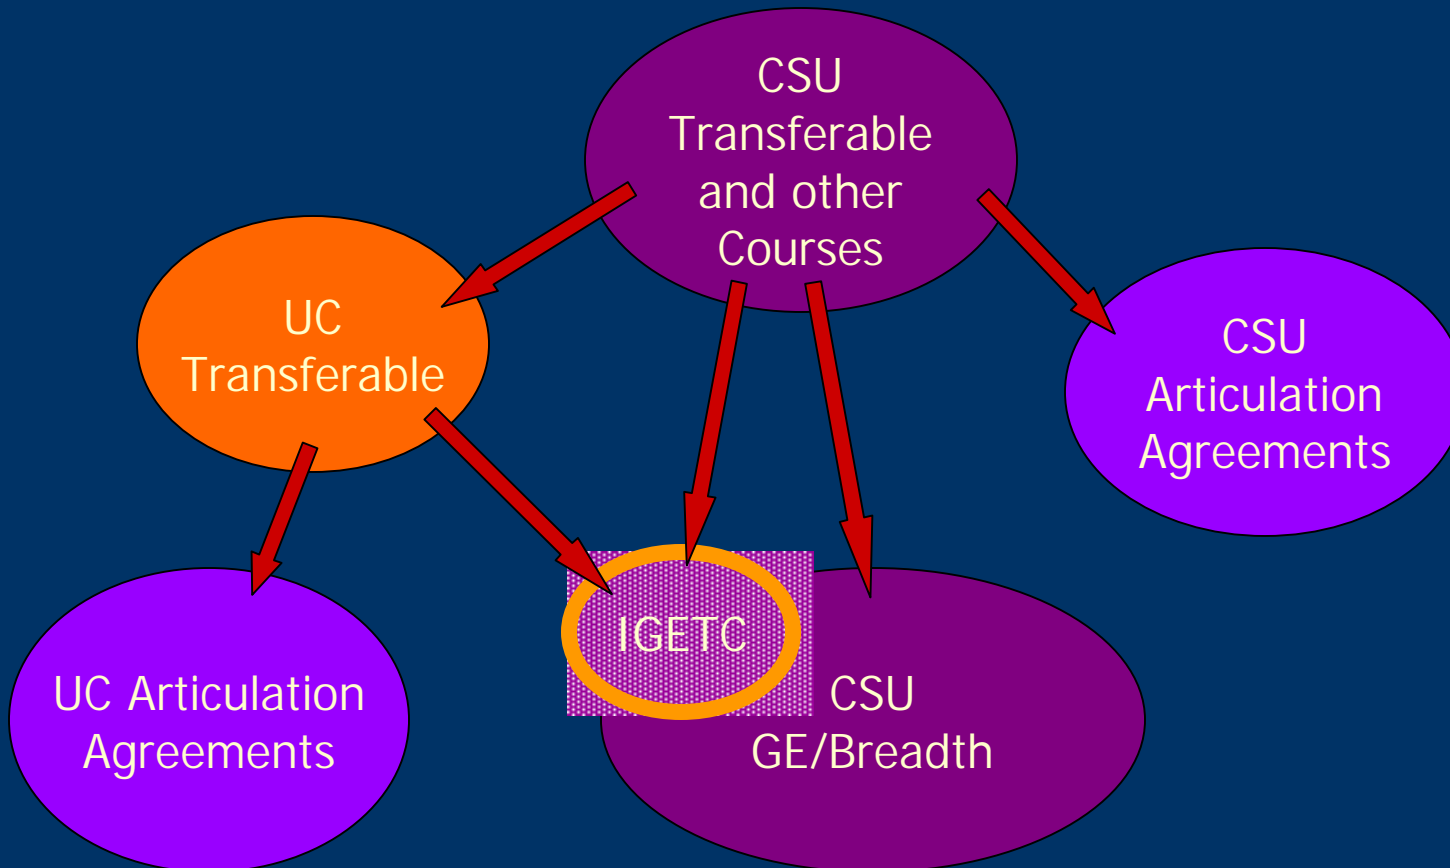

Curriculum Data in ASSIST for Community Colleges

Curriculum in ASSIST vs. on your campus:

- Curriculum on your campus
    - All courses in your campus's course catalog

- Curriculum in ASSIST
    - Baccalaureate-level
    - Articulated, nontransferable courses

Data Relationships

Baccalaureate List
Review and Approval

CSU Baccalaureate Lists

- Course must be listed in your curriculum
- Community colleges decide if a course is bacc level
- Courses are subject to CSU challenge

UC Transferable Course Agreements

- Course must be listed in your curriculum
- Comm college must submit course for UCOP approval
- UCOP must approve the course
- List of approved courses is reviewed and updated annually

IGETC Lists

- Course must be listed in your curriculum

- Course must be CSU and UC transferable

- Course must be submitted for approval by the December deadline

- Course must be approved by CSU and UC faculty

- ACS and campus are notified of course approval

CSU GE-Breadth Lists

- Course must be listed in your curriculum

- Course must be CSU transferable

- Course must be submitted for approval by the January deadline

- Course must be approved by CSU faculty

- ACS and campus are notified of course approval

Articulation Agreements

❚ Course must be listed in your curriculum

❚ Each university establishes its own process for review and approval

Clarity and Consistency

Name	Title	Units
English 10	Composition	3

4   Baccalaureate

4   UC TCA

4   IGETC

4   CSU GE-Breadth Cert

Name	Title	Units
Business 120	Financial Acct	3

4   Baccalaureate

UC TCA

IGETC

CSU GE-Breadth Cert

Historical Nature of Data

Course History

- Course changes must be recorded and maintained so students receive credit for completing courses in the past

Course Changes

- Old data is not deleted when new data is submitted

Corrected historical data affects all lists

Review

In this session we:

- Defined curriculum data in ASSIST

- Showed the relationship between curriculum data and agreements in ASSIST

- Looked at the review and approval process for transferable course agreements

- Looked at how data changes over time
