

ASSIST Transfer Channel

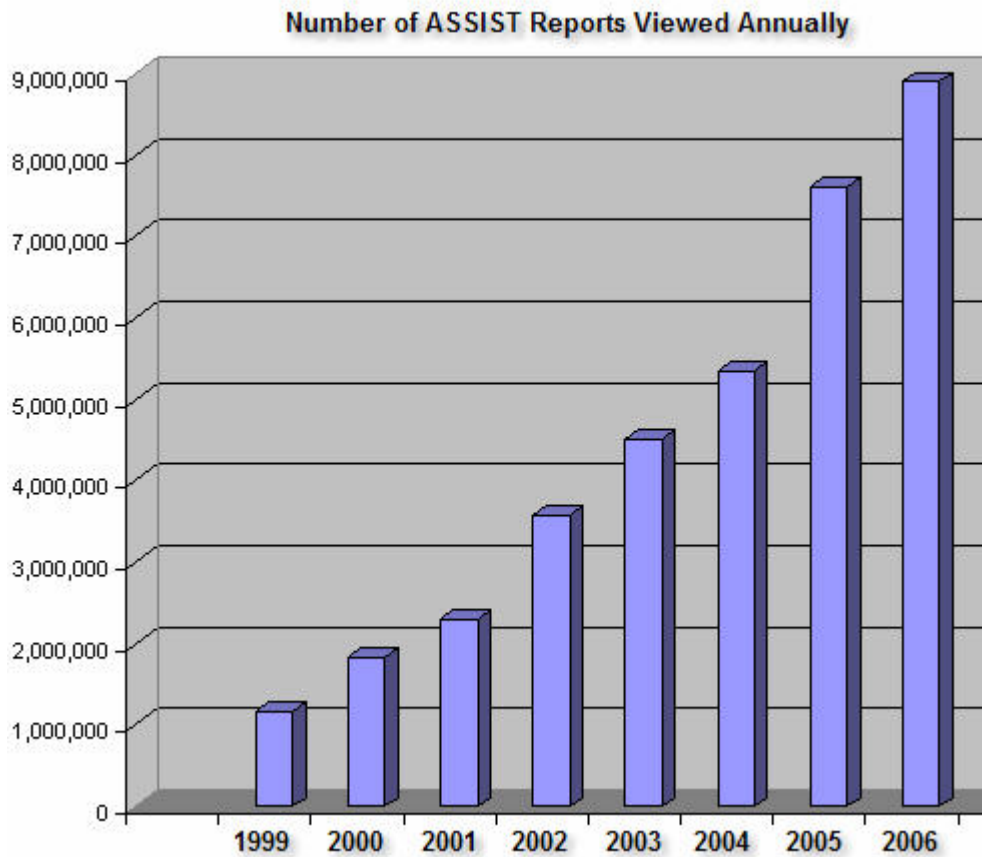

The Official Newsletter of ASSIST

6th Edition - February 2007

ASSIST Use Climbs

From the early days of ASSIST, there has been a steady increase in the number of people visiting the site and viewing articulation reports. The graph below shows the steady rise in ASSIST reports viewed by users from 1999 to 2006.

The rise in numbers, of course, indicates a significant rise in visitors to the site as well. The graph below shows the increase in the number of unique visitors to ASSIST each year from 1999 through 2006.
