

Web ASSIST Articulation Maintenance
Revised Schedule Overview
November 1999 - Page # 1

The following schedule represents the remaining activities for development of the new Web ASSIST Articulation Maintenance System. This schedule has been revised given further delays resulting from the deployment of the Web ASSIST Curriculum Update System, continued articulation data cleanup activities, and switching from PowerBuilder to SilverStream. The Coordination Site has reviewed this schedule with UC and CSU campus articulation officers. Some activities not directly related to the development of this new system are included as they will involve the time of ACS technical staff.

Nov 1999	Distribute S00 curriculum data (in Revelation) to UC/CSU Campuses (including Departments/Prefixes)
Nov 1999	Re-generate the password-protected sample Web ASSIST database for UC/CSU Campuses using F99, W00 and S00 Curriculum data and error corrections
Nov 1999-Jan 2000	Determine specifications for UCOP TCA data maintenance
Nov 1999-Mar 2000	Complete the development of the Articulation Data Entry Application
Nov 1999-Mar 2000	Complete the development of Web ASSIST Maintenance Reports
Dec 2000	Web Maintenance Sessions at Annual ASSIST Conference
Jan 2000	Review the Curriculum Update System software for the SU00 cycle
Jan 2000	Load Revelation curriculum data into Sybase for the SU00 update cycle
Feb 2000	SU00 Curriculum Update Cycle
Feb 2000	Load Revelation articulation data into Sybase for Campus Beta Test Sites
Mar 2000	Review the Curriculum Update System software for the F00 cycle
Mar 2000	Load Revelation curriculum data into Sybase for the F00 update cycle
Mar 2000	ACS internal testing of Articulation Data Entry Application
Late Mar 2000	Articulation Data Entry training for Campus Beta Test Sites
Apr 2000	F00 Curriculum Update Cycle
Apr 2000	Campus Beta Testing of the Articulation Data Entry Application and Maintenance Reports
Apr 28, 2000	Final Revelation Data Collection
May 2000	Final cleanup of the Articulation Data Entry Application and Maintenance Reports
May 2000	Final Data Conversion from Revelation to Sybase
Jun 2000	UC/CSU Campus Articulation Data Entry Training
Jun 2000	Articulation Data Entry system on-line for UC/CSU campuses to begin using immediately after they attend training
