

**Four Year Articulation in ASSIST  
Comparison of 96-97 and 97-98  
Revised July, 1998 - Page # 1**

The following information compares the number of 1996-1997 and 1997-1998 articulation agreements provided to ASSIST by CSU and UC campuses for the May 1998 data collection deadline. Brief explanations are provided for some institutions to communicate special issues to be considered when interpreting these numbers. The Coordination Site can provide much more detail regarding the quantity of articulation and individual circumstances at universities that may impact the number of agreements in ASSIST. It has also been reported by some campuses that additional articulation agreements have been developed by universities and not provided to ASSIST.
